CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

TO THE BOARD OF DIRECTORS OF BAR PACIFIC GROUP HOLDINGS LIMITED

太平洋酒吧集團控股有限公司

(incorporated in Cayman Islands with limited liability)

INTRODUCTION

We have reviewed the quarterly financial information of Bar Pacific Group Holdings Limited (the “**Company**”) and its subsidiaries set out on pages 4 to 8, which comprise the condensed consolidated statement of profit or loss and other comprehensive income and condensed consolidated statement of changes in equity for the three months ended 30 June 2017, and other explanatory notes. The directors are responsible for the preparation and presentation of this quarterly financial information. Our responsibility is to express a conclusion on the quarterly financial information based on our review, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Hong Kong Institute of Certified Public Accountants. A review of quarterly financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the quarterly financial information is not prepared, in all material respects, in accordance with the basis of preparation as set out in note 2.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

We are a chained bar group offering beverages and light refreshments under the brand “Bar Pacific” in Hong Kong. The main focuses of the Group’s growth strategies lie in its networks expansion and upgrading existing shops facilities. During the three months ended 30 June 2017 (the “**Review Period**”), the Group has signed two rental contracts for two new shops which are expected to be opened in the third quarter of 2017. As at 30 June 2017, the Group completed the refurbishment of seven shops and one shop is now under renovation. As at 30 June 2017, we operated 32 shops at street level throughout Hong Kong.

PROSPECTS

Looking ahead, the Group will ride on its recently raised profile upon its listing on GEM of the Stock Exchange in January 2017 and maintain its core business of bar operation and its existing branding strategy, targeting the mass market, to increase market share in Hong Kong. With the existing client base garnered over the years, there is a superiority to leverage on its extensive network in Hong Kong. Openings of four new shops per year are envisioned in the coming three years ending 31 March 2020. All shops are strategically located with close proximity to the residential or industrial areas rather than at prime retail location.

USE OF PROCEEDS

The Company’s shares (the “**Shares**”) were successfully listed on GEM of the Stock Exchange on 11 January 2017 by way of placing (the “**Placing**”). 215,000,000 Shares were placed at HK\$0.29 per Share pursuant to the Placing. The net proceeds from the Placing were about HK\$45.2 million after deduction of listing related expenses. During the Review Period, a portion of the net proceeds from the Placing was utilised and a summary of use of proceeds are set out in the table below:

	Proposed amount to be used HK\$ (million)	Proposed amount used up to 30 June 2017 HK\$ (million)	Approximate actual amount utilized up to 30 June 2017 HK\$ (million)	Changes and explanation
Expand our brand	35.5	8.9	0.5	The expansion plan was delay as the Group could not find suitable shops for expansion. Two news shops are expected to be opened in the third quarter of 2017.
Continue to upgrade our shop facilities	3.4	1.0	3.4	Renovation was speeded up to boost revenue of existing shops. As at 30 June 2017, the Group completed the refurbishment of seven shops and one shop is under renovation.
Continue our promotion and marketing activities	3.5	1.3	0.4	Marketing events during the Review Period were co-organised with our major suppliers, major costs of such events were bared by our suppliers. Therefore, costs on marketing activities were less than proposed amount.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

Revenue

Our revenue increased from approximately HK\$31.4 million for the three months ended 30 June 2016 (the “**Previous Period**”) to approximately HK\$32.2 million for the Review Period, representing a slight growth of approximately 2.5%. Such growth was primarily attributable to the opening of Shop LXX in October 2016 and the general increase in the performance of existing shops during the Review Period which was offset by the closure of Shop XXIII in December 2016.

Cost of inventories sold

Cost of inventories sold mainly consists of the cost of beverages and light refreshment sold in our shops. Our cost of inventories sold increased from approximately HK\$7.6 million for the Previous Period to approximately HK\$7.9 million for the Review Period, representing a slight increase of approximately 3.6%. Such increase was primarily attributable to the increase in revenue during the Review Period.

Other income

Our other income increased from approximately HK\$0.2 million for the Previous Period to approximately HK\$ 0.3 million for the Review Period, representing a growth of approximately 47.9%. Such increase was primarily attributable to the increase in bank interest income during the Review Period.

Staff costs

Our staff costs comprise salaries and benefits, including wages, salaries, bonuses, retirement benefit costs and other allowances to all our staff, including our directors, head office and shop staff. Our staff costs increased from approximately HK\$8.8 million for the Previous Period to approximately HK\$9.5 million for the Review Period, representing an increase of approximately 8.0%. Such increase was primarily attributable to the increase in directors’ remuneration and the general increase in salaries level during the Review Period.

Depreciation

Depreciation represents depreciation charges on its property, plant and equipment, as in leasehold improvements, computer equipment, furniture and fixtures and motor vehicles. Our depreciation charges increased from approximately HK\$0.9 million for the Previous Period to approximately HK\$1.1 million for the Review Period, representing an increase of approximately 25.4%. Such increase was primarily attributable to the opening of Shop LXX in October 2016 and the increase in depreciation charges of the seven renovated shops during the Review Period.

Property rentals and related expenses

Our property rentals and related expenses consist of operating lease payments, property management fee and government rate on our shops, storage and office premises. Our property rentals and related expenses increased from approximately HK\$5.6 million for the Previous Period to approximately HK\$6.2 million for the Review Period, representing an increase of approximately 11.5%. Such increase was primarily attribute to the general increase in the rental expenses of some of our leased properties upon renewal of leases and property rentals and related expenses on the two new shops which is expected to be opened in the third quarter of 2017.

Other operating expenses

Our other operating expenses recorded a slightly decrease from approximately HK\$5.7 million for the Previous Period to approximately HK\$5.5 million for the Review Period, representing a decrease of approximately 3.2%. Such decrease was mainly attributable to the decrease in advertising and promotions expenses during the Review Period.

MANAGEMENT DISCUSSION AND ANALYSIS

Finance costs

Finance costs represent interest on obligations under finance lease. The amount increased from approximately HK\$3,000 for the Previous Period to approximately HK\$12,000 for the Review Period, representing an increase of 4 times. Such increase was mainly attributable to the new human resources system purchased in 2017.

Listing expenses

No listing expenses was incurred for the Review Period as the Placing was completed on 11 January 2017. During the Previous Period, the Group incurred listing expenses of approximately HK\$4.1 million.

Taxation

Our taxation decreased from approximately HK\$0.6 million for the Previous Period to approximately HK\$0.4 million for the Review Period, representing a decrease of approximately 27.8%. Such decrease was mainly attributable to the increase in other operating expenses and property rental and related expenses and staff costs, resulting in a decrease in assessable profit for the Review Period.

Profit for the Review Period

As a result of the above, the increase in profit for the Review Period was mainly attributable to no listing expenses being incurred during the Review Period and the decrease in other operating expenses during the Review Period which was offset by the increase in property rentals and related expenses and the increase in staff costs during the Review Period. The Group recorded a profit of approximately HK\$1.9 million for the Review Period, as compared to the loss of approximately HK\$1.6 million recorded for the Previous Period.

Dividend

No dividend was declared and paid to the shareholder of the Company during the Review Period nor the Previous Period.

Contingent liabilities

As at 30 June 2016 and 2017, the Group did not have any significant contingent liabilities.

Foreign currency exposure

Since the Group's business activities are solely operated in Hong Kong and the relevant transactions are denominated in Hong Kong dollars, the Directors consider that the Group's risk in foreign exchange is insignificant.
